WHAT IS THIS BOOKLET ALL ABOUT?

This booklet will give you a good idea of what you have to do when you take the Postal Service tests for jobs in the Post Office.

- It shows how to apply for the test.
- It explains how to do the different kinds of questions.
- It describes how to mark your answers on the answer sheet.
- It gives some of each kind of question to try.
- Finally, it gives you a chance to test yourself with tests just like those used in the examination--same kinds of questions, same difficulty, same length.

The material is arranged so that you can study by yourself. Read the explanation, try the questions, check your answers. For the questions you get wrong, try to figure out why the correct answer is right and why you made a mistake. If you are working by yourself and you can't figure out why the correct answer is right, try to get some help. Ask a teacher; a librarian; perhaps a brother, a sister, or friend who has gone to high school.

- You must be at least a certain age. (See the examination announcement).
- You have to pass a physical examination.
- You have to be a United States citizen or have permanent resident alien status.
- YOU HAVE TO PASS A TEST.

In this booklet you will find tests that are very much like the tests you have to take to get a job in the Postal Service.

READ AND STUDY THIS BOOKLET CAREFULLY.

HOW DO YOU APPLY FOR A POSTAL SERVICE JOB?

First: Go to your nearest Post Office or Federal Job Information Center. Tell them you want to apply for a Post Office job. You will get an APPLICATION FORM to fill out.

(If they are not accepting applications now, find out when they expect to accept them again. It might be a good idea to start getting ready for the examination anyway.)

You can find the address of your nearest Post Office or Federal Job Information Center in the telephone book.

When you get this form, be sure to find out WHEN you have to send it in, and WHERE you send it.

Second: Look over the form. If you don't know how to answer all the questions, ask someone in the office or someone you know for help. If there is no one to help you,

* Answer all the questions the best you can.

* Be sure to print your name and address.

This is what the instructions on the Application Form look like

INSTRUCTIONS TO APPLICANTS

Furnish all the information requested on these cards. The attached card will be returned to you with sample questions and necessary instructions, including the time and place of the written test.

TYPEWRITE OR PRINT IN INK. DO NOT SEPARATE THESE CARDS. FOLD ONLY AT PERFORATION.

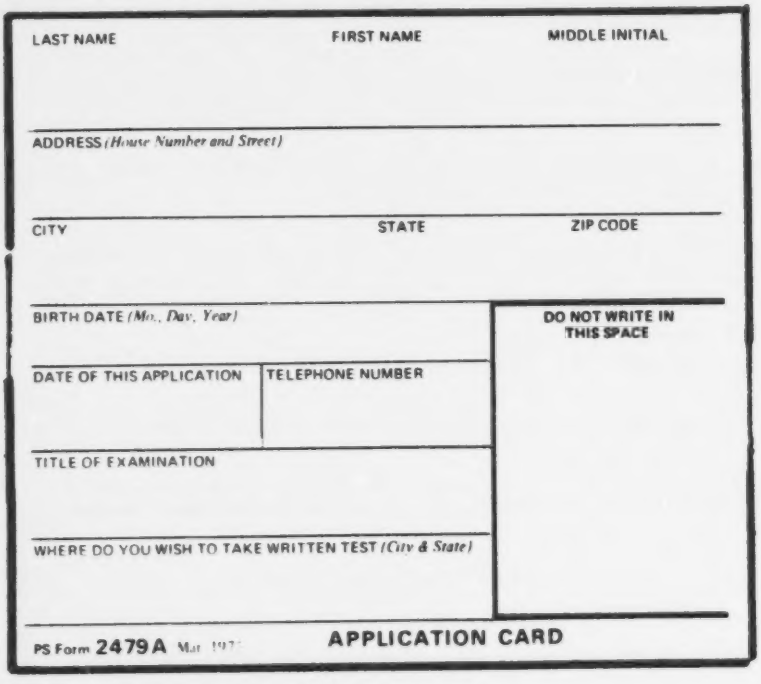
MAIL OR TAKE THIS FORM–BOTH PARTS–TO THE POSTMASTER OF THE POST OFFICE WHERE YOU WISH TO BE EMPLOYED.

Third: Mail the form as soon as you can. (Part of it will be returned to you, telling you when and where to report for the test.)

HOW DO YOU FILL OUT THE APPLICATION FORM?

The application form is in two parts connected by a perforated line. Do NOT tear apart the form; both parts must be mailed. At the bottom of the left side of the form is printed PS Form 2479A Mar. 1975 APPLICATION CARD.

The Application Card, Part A, looks like this.



LAST NAME
FIRST NAME
MIDDLE INITIAL
ADDRESS (House Number and Street)
CITY
STATE
ZIP CODE
BIRTH DATE (Mo., Day, Year)
DO NOT WRITE IN THIS SPACE
DATE OF THIS APPLICATION
TELEPHONE NUMBER

APPLICATION CARD

Print or type the following information:

1. On the first line, enter your last name, first name, and middle initial.

2. On the second line, enter your address - house number and street.

3. On the third line, enter your city, state, and zip code.

4. On the fourth line, enter your birth date - month, day, and year.

5. On the fifth line, enter in the first block today's date and enter in the second block your telephone number.

6. On the sixth line, enter the title of the examination. If you want a job as postal clerk or carrier, enter Clerk/Carrier.

7. On the seventh line, enter the city and state where you wish to take the written test.

At the bottom of the right side of the form is printed PS Form 2479B Mar. 1975 ADMISSION CARD.

The Admission Card, Part B, looks like this:

Print or type the following information just as you did on Part A:

1. The title of the examination - Clerk/Carrier
2. The date of the application - today's date
3. Where you wish to take the written test - city and state
4. Your date of birth - month, day, and year
5. Your social security number. Enter one number in each block
6. The city and state where you wish to take the written test
7. Enter the two dates; month, day and year, if you have performed active duty in the armed forces of the United States and were separated under honorable conditions.
8. Mark the NO or YES box if you claim veteran preference. If you mark the YES box, then mark one of the descriptive boxes.
9. Enter your name and address in the last box.

After you have mailed in your Application Form, you will get back the right side of the form which will tell you WHEN and WHERE to take the examination. When this portion of the form is returned to you bring it with you when you report for the written test.

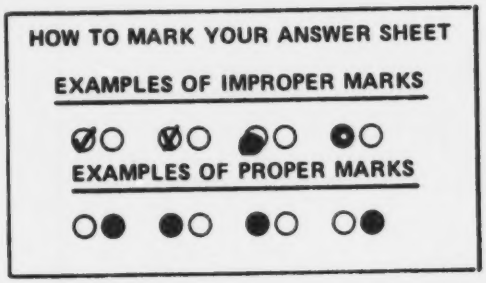
OF COURSE, IF YOU DID NOT PUT DOWN YOUR CORRECT ADDRESS, OR IF YOU FORGOT TO PUT IN YOUR NAME, YOU WILL NOT HEAR FROM ANYBODY.

DO IT RIGHT!

HOW TO MARK YOUR ANSWER SHEET

The Answer Sheet is where you mark your answers. Your score on the test depends on the marks you make on your Answer Sheet. Therefore, you must mark it exactly the way you are told in the examination room. Some advice on how to use the Answer Sheet is given below.

Here is an example of the wrong way and the correct way to mark your answer sheet.



Don't take a long time to make your marks. Make a heavy pencil mark and move on to the next question.

For practice, mark the circles for the following number-letter combinations on the Answer Sheet on the next page. The first four in PART A have been done to show how; you do the rest of PART A--

PART A

1.	A	6.	A
2.	A	7.	D
3.	D	8.	A
4.	A	9.	A
5.	D	10.	D

Now mark the circles for the following number-letter combinations in PART B.

PART B

1.	B	6.	E
2.	C	7.	A
3.	A	8.	E
4.	D	9.	D
5	E	10.	D

Remember--make a neat, dark mark and move on to the next question. Use the rest of the Answer Sheet to practice making marks.

WHAT IS IN THE EXAMINATION

Clerk-Carrier Examination

The test for Clerk-Carrier has two parts. They are:

Part A: Address Checking

How quickly can you spot whether two addresses are alike or different? (See practice questions and tests starting on page 22.)

Part B: Memory for Addresses

How well can you memorize several groups of names and locations? (See practice questions and test starting on page 32.)

After you have passed this test, you will be placed on a list of eligibles on the basis of your score. If you are entitled to veterans' preference, you will be given the extra credit. (The higher your score the nearer the top of the list you will be.)

FILLING OUT THE ANSWER SHEET GRIDS

Filling out the answer sheet grids is very important. If the grids are filled out correctly, your answer sheet will be graded faster than if there are mistakes on the grids. Listed below is an explanation of how to complete the answer sheet grids correctly.

Before you begin to practice answering the sample questions, look at the Sample Answer Sheet Grids on page 13. Tear out one of the sample grid sheets and complete it according to the following instructions.

Let us assume the following:

1. Your name is James K. Certified.
2. You are taking the Clerk-Carrier Exam.
3. You would like to be hired as a Clerk.
4. You are a 5-point veteran.
5. Your social security number is 437-24-7424.
6. The date of the examination is March 15, 1978.
7. You were born in April 1935.
8. You are taking series number 402.
9. You would like to work in West Fishhook Falls, Montana - Installation Finance Number 537021.

In the top left hand corner of the grids, note that there are 20 blank spaces at the top of the NAME GRID. Under each space, every letter of the alphabet is contained in a circle. Now to complete the name: First, print the last name starting with box 1; if you have made the entry correctly, box 1 should have the letter C, box 2 letter E, box 3 letter R, etc. After printing the last name, skip a box (the box should be box 10). Then print the first name, starting with box 11. If you have made the entry correctly, box 11 should have a J, box 12 an A, box 13 an M, etc. Skip a box after completing the first name (which is box 16), and print the middle initial. Now darken the circle which contains the same letter as each box in which an entry has been made. In the number 1 box is a C, therefore the circle in column 1 containing C should be darkened; under column 2, the circle containing an E should be darkened; under column 3, the circle containing R should be darkened; etc., until all of the circles containing the same letters as the letters at the top of the grid are darkened. The <u>blank</u> circles under the skipped boxes must also be darkened.

Next fill in the EXAMINATION TITLE grid. You are taking the Clerk-Carrier Examination. Therefore, darken the blank circle beside Clerk-Carrier in the EXAMINATION TITLE box.

Next fill in YOUR JOB CHOICE grid. You would like to be hired as a Clerk. Therefore, darken the blank circle beside Cler.. (only) in the JOB CHOICE box.

Next fill in VETERAN PREFERENCE grid. You are a 5-point veteran. Therefore, darken the blank circle beside 5 points (Tentative) in the VETERAN PREFERENCE box.

Next is the SOCIAL SECURITY NUMBER grid. Note that under the heading there are nine blank boxes and under the blank boxes are columns with circles containing numbers in them. To complete this grid, fill in the social security number 4 3 7 2 4 7 4 2 4, put one number in each blank box. Do not put in the two dashes. Next darken the circle in each column that has the same number as in the box above the column.

Then we have the DATE OF EXAMINATION grid. You will note the heading MO for month, DAY, and YEAR. Under each heading are two blank boxes and under the blank boxes are columns with circles containing numbers in them. To complete this grid, enter March 15, 1978 in this way. March is the third month, a single number month, but you have two empty blank boxes under the column heading MO. Therefore enter a zero in the first box and a three in the second box. In the two boxes under DAY, enter a one in the first box and a five in the second box. In the two boxes under YEAR, enter the last two numbers of the year 1978. Enter a seven in the first box and an eight in the second box. Next darken the circle in each column containing the same number as in the box above the column.

Next is the DATE OF BIRTH grid. It works the same way as the date of examination, except that there is no space for the day. Note the heading MO for month and YR for year. As Mr. Certified, you were born in April 1935. You would enter a zero and a four in the spaces for MO. April is the fourth month and the four is a single number so it must have a zero in front of it. In the boxes for year, enter the last two numbers of the year, 1935. Enter a three in the first space and a five in the second space. Next darken the circle in each column containing the same number as in the box.

Following that is the TEST SERIES grid. In the example, the test series is 402. Enter 402 in the blank boxes and then darken the correct circles.

INSTALLATION FINANCE NUMBER is next. To complete this grid, enter the installation finance number 537021 in the blank boxes and darken the circle with the same number as in the box. You will be told the finance number in the test room.

When you have finished, check that the darkened circles are correct. Check that the letters and numbers you have darkened are the same as those in the boxes at the top of the column. Then turn to page 19 which has a Completed Sample Grid. Check that you have completed yours in the same way.

Now tear out another of the sample answer sheet grids. This time use your own name, birth date, social security number, etc. Fill out the form just as you would in the test room. Make up your own date of examination, test series, and installation finance number.

Be sure to keep your pencil marks within the circles when you are darkening the circles. If you make a mistake, erase it completely.

PRACTICE TESTS

HOW TO USE THESE PRACTICE TESTS

On the following pages, you will find questions just like the ones used in the examinations for the job of Clerk-Carrier in the **Postal Service.** Each type of question is explained separately. Study the samples and then do the practice tests.

Each practice test is timed. Have a friend watch the time for you.

When you have finished each practice test, go back and check your answers to find out what your score is. Then compare your score with the scale that goes with the test to determine how well you did. This will help you to find out where you need more practice.

Be sure to do the practice questions before you try the Clerk-Carrier tests, which start on page 48. These tests are exactly like the ones you will have to take in the examination. The time limit for each part and the types of questions in each part are exactly as they are in the examination.

Address Checking

DESCRIPTION OF THE TEST AND SAMPLE QUESTIONS

Every member of the Postal work force is responsible for seeing that every letter reaches the right address. If one worker makes an error in reading an address, it can cause a serious delay in getting the letter to where it is supposed to go.

The Clerk-Carrier Examination includes a test of address checking. For this test you are to determine whether or not two addresses are alike or different. It is as easy as that. But how fast can you do it accurately? Look at the sample questions below. Each question consists of a pair of addresses like this -

762 W 18th St 762 W 18th St

Are they Alike or Different? They are exactly Alike.

9486 Hillsdale Rd 9489 Hillsdale Rd

Alike or Different? They are Different. Do you see why?

1242 Regal St 1242 Regel St

Alike or Different?

Remember that this test measures both speed and accuracy. So work as fast as you can without making any mistakes. Have a friend time you while you are working on the practice tests--you may find that you get faster as you become used to this type of question.

Hints for Answering Address-Checking Questions

- Do not spend too much time on any one question
- The difference may not be noticeable at first, so be sure to check
  - all numbers (are they alike and in the same order or are they different)
  - abbreviations, such as St, Rd, NW, N Y (are they alike or are they different)
  - spellings of street, city, and state names
- Do not get nervous about the time limit. (In the official test no one is expected to do all the questions in the time allowed.)
- Make sure that you have marked the correct circle for each question.

Address Checking--Sample Questions

Starting now, if the two addresses are ALIKE darken the circle marked A on the Sample Answer Sheet below. If the two addresses are DIFFERENT in any way darken the circle marked D. Answer every question.

1 ...	239 Windell Ave	239 Windell Ave
	Alike or Different?	Alike. Mark circle A for question 1.
2 ...	4667 Edgeworth Rd	4677 Edgeworth Rd
	Alike or Different?	Different. Mark circle D for question 2.
3 ...	2661 Kennel St SE	2661 Kennel St SW

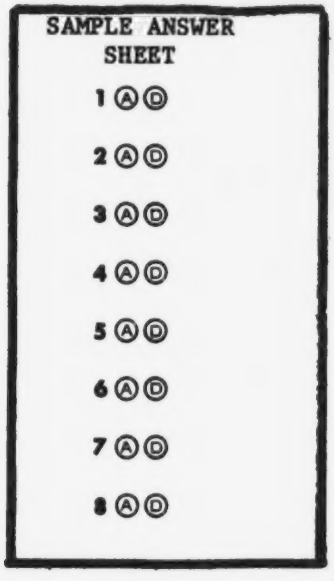
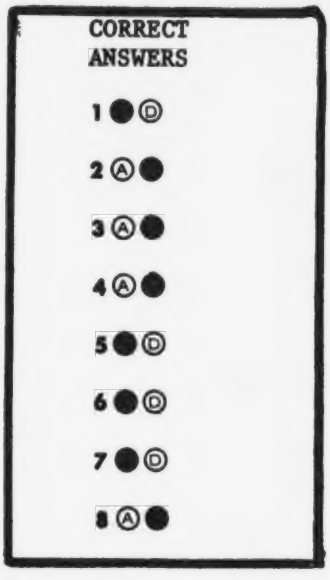
6 ...	4439 Frederick Pkwy	4439 Frederick Pkwy
7 ...	77 Summers St	77 Summers St
8 ...	828 N Franklin Pl	828 S Franklin Pl

Check your answers with the correct answers. If you have any wrong answers, be sure you see why before you go on.





The addresses in the Practice Tests are like the ones you will have to check in the examination. The ones in Practice Test 1 are easy with only the city, state, and sometimes a ZIP Code. Work as fast as you can, but be careful because you will lose points for making mistakes. Be sure to take no more than the correct time for each test Check your answers with the answers at the end of each test.

ADDRESS CHECKING—PRACTICE TEST 1

Work exactly *3 minutes*. No more. No less. If you finish before the 3 minutes are up, go over your answers again. Be sure to mark your answers on the Sample Answer Sheet on the next page.

Now check your answers. Compare them with the correct answers in the next column. Count how many you got right, and write that number on this line → Number Right _____

Now count how many you got wrong, and write that number on this line → Number Wrong _____

Subtract the Number Wrong from the Number Right, and write the Difference on this line → Total Score _____

Meaning of Test Score

If your Total Score is *26 or more*, you have a Good score.

If your Total Score is from *16 to 25*, you have a Fair score.

If your Total Score is *15 or less*, you are not doing too well.
You may be going too slowly, or you may be making too many mistakes.
You need more practice.

ADDRESS CHECKING—PRACTICE TEST 2

These addresses are a little harder.

Remember to work as fast as you can but be careful. Work exactly *3 minutes*. No more. No less. If you finish before the 3 minutes are up, go over your answers again. Be sure to mark your answers on the Sample Answer Sheet on the next page.

MEMORY FOR ADDRESSES

DESCRIPTION OF THE TEST AND SAMPLE QUESTIONS

This test is part of the Clerk-Carrier examination. All Clerks in the Postal Service have to learn a scheme during their training period. The Clerk uses the scheme to sort the mail to where it is going. He must have a good memory in order to learn the scheme. Carriers also need good memories.

In this test you will be given 25 addresses to remember. The addresses are divided into five groups. Each group of five addresses is in a box such as those on the next page. Each box has a letter--A, B, C, D, or E. You will have to learn which letter goes with each address. You will be given time to study in the examination room. In order to practice for this test, you need to be timed.

While you are doing the practice test, find out what is the best way for you to memorize which letter goes with each address. Some people learn best by studying the addresses in one box; then covering it and seeing whether they can say the addresses to themselves. If they can say them, they then try to learn the next box. If they cannot, they study the names in the first box again; and then try to say the names with the box covered. They do this for all the boxes. Other people learn best by studying across the page. Still others do best by memorizing everything at once. If you do not know your best way, try different ways and see which one is best for you. Do not try to memorize the names by writing them down because you won't be allowed to write them in the official examination.

Hints for Memory for Addresses Test

- Be sure to spend the study period studying.
- Be sure to try to learn which letter goes with each address. It is to your advantage to learn as many as you can.
- Do not spend too much time on any one question.
- Do not get nervous about the time limit. (In the official test no one is expected to do all the questions in the time allowed.)
- If you are not sure of an answer, guess.

Sample Questions for Memory for Addresses

In this test you will have five boxes labeled A, B, C, D, and E. Each box contains five addresses. Three of the five are groups of street addresses like 1700-2599 Wood, 8500-8699 Lang, and 6200-6399 James, and two are names of places. They are different in each box.

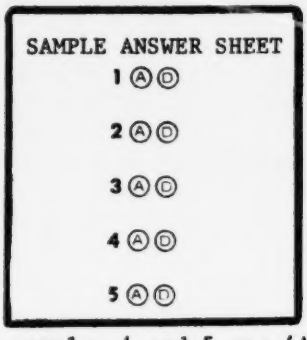
You will also be given two lists of names. You will have to decide which box each name belongs in. When you are working on the first list, you will have the boxes with the names in front of you. When you are working on the second list, you will not be able to look at the boxes.

The addresses you will use for the Practice Test are given in the boxes below.

A	B	C	D	E
1700-2599 Wood	2700-3299 Wood	1300-1699 Wood	3300-3599 Wood	2600-2699 Wood
Dushore	Jeriel	Levering	Bair	Danby
8500-8699 Lang	8700-9399 Lang	9400-9499 Lang	8000-8499 Lang	9500-9999 Lang
Lott	Vanna	Ekron	Viborg	Lycan
6200-6399 James	5700-6199 James	6400-6499 James	5000-5699 James	4700-4999 James

Questions 1 through 5 show the way the questions look. You have to decide in which lettered box (A, B, C, D, or E) the address belongs and then mark that answer on the Sample Answer Sheet on this page.

1. Levering
   This address is in box C. So darken circle C on the Sample Answer Sheet.
2. 2700-3299 Wood
   This address is in box B. So darken circle B on the Sample Answer Sheet.
3. Vanna
   This address is in box B. So darken circle B on the Sample Answer Sheet.
4. 6200-6399 James
5. Bair



The answers for samples 4 and 5 are 4A and 5D.

Your practice test starts on the next page.

MEMORY FOR ADDRESSES--PRACTICE TEST

STUDY--3 minutes

Now go back to page 32 and spend 3 minutes memorizing the addresses in the boxes. TRY TO LEARN THE LOCATION OF AS MANY ADDRESSES AS YOU CAN. Cover each box with your hand and see if you can repeat, to yourself, the addresses in that box.

When the 3 minutes for studying are up, turn to page 34 and continue with the practice.

WORK—*3 minutes*

For each question, mark the Sample Answer Sheet on the next page to show the letter of the box in which the address belongs. Try to remember the location of as many addresses as you can. If you are not sure of an address, guess. Work only 3 minutes.

If you finish before the end of 3 minutes, go back and be sure that you are satisfied with your answers.

Second Study

STUDY—*5 minutes*

You can see that memory is important in this test.

Now turn back to page 32 and spend 5 minutes memorizing the addresses in the boxes. TRY TO MEMORIZE THE LOCATION OF AS MANY ADDRESSES AS YOU CAN. Cover each box with your hand and see if you can repeat, to yourself, the addresses in that box.

When the 5 minutes for studying are up, turn to page 38 and continue with the practice.

Check your answers by comparing your answers with the correct answers.

Count how many you got right, and write that number on this line ——————→ Number Right _____

Now count how many you got wrong, and write that number on this line ——————→ Number Wrong _____

Divide the Number Wrong by 4, and write the answer on this line ——————→ *1/4* Number Wrong _____

Subtract the 1/4 Number Wrong from the Number Right, and write the Difference on this line ——————→ Total Score _____

Meaning of Test Score

If your Total Score is *44 or more*, you have a Good score.

If your Total Score is from *26 to 43*, you have a Fair score.

If your Total Score is *25 or less*, you are not doing too well.

You may be going too slowly, or you may be making too many mistakes. You need more practice.

SAMPLE TESTS

Now that you have studied the instructions and taken the practice tests in this book, you are ready to take the Sample Tests for Clerk-Carrier. The Sample Tests are exactly like the ones you will have to take in the examinations. The time allowances and the numbers of questions are the same as they are in the real tests.

At the back of the book you will find some answer sheets to use. These answer sheets are like the ones you will use in the examinations.

When you are ready to try a Sample Test, tear out an answer sheet from the back of the book. Then do what the instructions tell you to do. Remember that in the address-checking and memory for addresses sections you will lose credit for wrong answers. In the address-checking section it will be better not to guess.

It is a good idea to have a friend tell you when the time is up for each set of sample questions and each part of the test. (There are sample questions for each part.)

After you have finished answering the questions for a sample test, compare your answers with the correct answers for that test and see how well you did.

INTERPRETATION OF TEST SCORES ON SAMPLE CLERK-CARRIER TEST

After you have taken a Part of the test or after you have finished the test, compare your answers with those given in the Correct Answers to Sample Test. You will find them on pages 61 and 62.

For the Address Checking (Part A), count the number that you got right and the number that you got wrong. (If you didn't mark anything for a question, it doesn't get counted.)

From the number right _____
Subtract the number wrong _____
This number (the difference) is your score ⟶ _____

The meaning of the score is as follows:

52 or higher---------- Good.
Between 32 and 51---------- Fair.
Below 32---------- You need more practice.

Go back and see where you made your mistakes. Were you careless? Did you work too slowly?

In the Memory for Addresses (Part B), only Test-List2, which you recorded on your answer sheet, counts. For that Part, count the number that you got right and the number that you got wrong. (If you didn't mark anything for a question, it doesn't get counted.)

Divide the number wrong by 4. _____

From the number right _____
Subtract 1/4 the number wrong _____
This number (the difference) is your score ⟶ _____

The meaning of the score is as follows:

44 or higher---------- Good.
Between 26 and 43---------- Fair.
Below 26---------- You need more practice.

Go back and see where you made your mistakes. Were you careless? Did you work too slowly? Try to find out what is the best way for you to memorize. Go to page 48.

SAMPLE CLERK-CARRIER TEST

There are two parts to this test. It is best to have a friend to watch the time for you. The correct time limit for each part is given on page 45. Be careful not to take any more time than given in the instructions for each part.

Tear out an answer sheet from the back of the book and use it to mark your answers for each part of this test.

Directions and Samples for Part A

In this Part you will be given addresses to compare. On your answer sheet darken the circle marked A if the two addresses are exactly *Alike* in every way. Darken the circle marked D if they are *Different*.

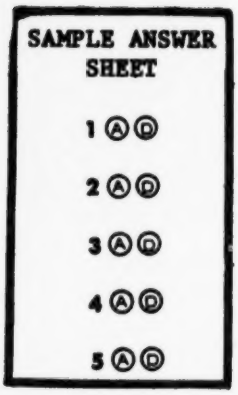
Here are some sample questions for you to do. Mark your answers to them on the Sample Answer Sheet on the next page. You should not take more than *3 minutes* to read and study the material on these two pages of the test.

Show your answer to a question by darkening completely the circle corresponding to the letter that is the same as the letter of your answer. You must keep your mark within the circle. If you have to erase a mark, be sure to erase it completely. Mark only one answer for each question.

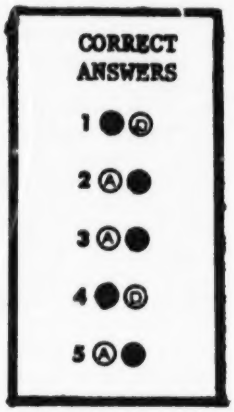
1 ...	2134 S 20th St	2134 S 20th St

Since the two addresses are exactly alike, mark A for question 1 on the Sample Answer Sheet.

2 ...	4608 N Warnock St	4806 N Warnock St
3 ...	1202 W Girard Dr	1202 W Girard Rd
4 ...	Chappaqua N Y 10514	Chappaqua N Y 10514
5 ...	2207 Markland Ave	2207 Markham Ave



Now compare your answers with the Correct Answers. If your answers are not the same as the correct answers shown, go back and study the samples to see where you made a mistake.



It will be to your advantage to work as quickly and accurately as possible since your score on this part of the test will be based on the number of wrong answers as well as the number of right answers. It is not expected that you will be able to finish all the questions in the time allowed.

Be sure to use a pencil so that you can make erasures.

Look at your answer sheet. The answers to this part of the examination must be marked in Part A of the answer sheet. Notice also that the answer spaces are numbered down the page. Mark the answer for question 1 in space 1.

When you begin the test, work as fast as you can without making mistakes. Do as many questions as you can in the time allowed.

You will have *6 minutes* to answer as many of the 95 questions as you can.

DO NOT TURN THIS PAGE UNTIL YOU ARE READY TO BEGIN THE TEST.

PART A

REMEMBER: Mark your answers on the separate answer sheet. Use "A" for "Alike" and "D" for "Different." Work as quickly as you can.

STOP.

If you finish before the time is up, check your answers for Part A.
Do not go to any other part.

When the time is up, turn to page 52.

Samples for Part B

Part B has five boxes labeled A, B, C, D, and E. Each box contains five addresses. Three of the five addresses are groups of street addresses like 2100-2799 Mall, 4800-4999 Cliff and 1900-2299 Laurel, and two are names of places. They are different in each box. You will be given two lists of addresses. For each street address or name in the list, you are to decide in which lettered box (A, B, C, D, or E) it belongs and then mark that circle on the answer sheet. For List 1, the boxes will be shown on the same page with the addresses. While you are working on List 2, you will not be able to look at the boxes. Then you will have to match the addresses with the correct box from memory. Try to memorize the location of as many addresses as you can.

A	B	C	D	E

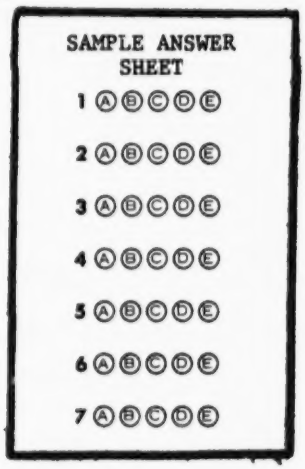
1900-2299 Laurel	2300-2999 Laurel	3200-3799 Laurel	3000-3199 Laurel	1500-1899 Laurel

Sample Questions:

1. 3300-3999 Cliff--This address is in box C. So you would darken circle C.
2. Natoma--This name is in box A. So you would darken circle A.
3. Foster
4. 1500-1899 Laurel
5. 3900-4399 Mall
6. Pearl
7. 3200-3799 Laurel



The answers to samples 3 to 7 are:
3B, 4E, 5B, 6D, and 7C.

In List 1 the boxes with the addresses will be before your eyes. Therefore you will be able to check your answers by looking at the top of the page. However, checking takes time and the more you remember, the faster you will be able to work. On List 2 the boxes with the addresses will *not* be shown. Then you will have only your memory to depend on when answering the questions. Thus, memory will be very important in this test.

Different people study in different ways. Many people find it easier to learn the addresses in one box at a time than to learn all the addresses at once.

You will now have *3 minutes* to study the addresses and letters so that you will have a good idea of the letter that goes with each address. Do not spend more than 3 minutes studying the addresses.

Now memorize the addresses in the boxes. These are the addresses that will be in the test. TRY TO LEARN THE LOCATION OF AS MANY ADDRESSES AS YOU CAN. Cover each box with your hand and see if you can repeat, to yourself, the addresses in that box.

DO NOT TURN THIS PAGE UNTIL THE TIME IS UP. THEN TURN TO PAGE 54.

PART B

List 1

For each question, mark the answer sheet on the next page to show the letter of the box in which the address belongs. Try to remember the location of as many addresses as you can. You will now have *5 minutes* for List 1. If you are not sure of an answer you should guess.
